16-18

19 and up

Conduct

All competitors, parents, coaches, and observers are to conduct themselves professionally on and off the line. Any interference in the running of the match will not be tolerated and such individuals will be asked to leave. Competitors are asked to keep all equipment neatly organized behind them in such a way that there is an obvious clear path. All competitors and spectators

are asked to clean up after the matches are completed. Once the competitors are called to the line, only the line officials may approach the competitor. If a coach would like to talk to a competitor they need to contact the line official and they will pull the competitor from the line. Observers, parents, and coaches are encouraged to sit and relax behind the firing line.
